## ABOUT US

We are a community of donors committed to making our region and the world a better place to call home.

The Foundation is a public charity, 501(c)(3) nonprofit, with more than \$417 million in charitable assets composed of over 1000 individual current funds. Each fund represents a unique charitable giving partnership with an individual, family, business or nonprofit organization.

The Foundation consistently demonstrates a unique capability to connect donors with the opportunity to make a real difference through charitable giving. Since 1973, Greater Toledo Community Foundation has helped area citizens put charitable dollars to work addressing the issues most important to them in the communities they care most about.

Information about planned giving and more information about the Foundation can be found at [toledocf.org](http://toledocf.org).

## OUR MISSION

Greater Toledo Community Foundation — a public, charitable foundation — exists to improve the quality of life in the region by:

- Providing a flexible, informed, effective means for donors to achieve their charitable goals in perpetuity
- Addressing the changing needs of the region through efficient, prudent, high impact grantmaking
- Serving as a source of information about and as a catalyst in shaping the region's response to those needs, and
- Facilitating the work of other grantmaking organizations to achieve effective and efficient grantmaking practices

## Dear Members of the Greater Toledo Community,

**Michael C. Gibbons**  
Chair

As we move forward from a significant milestone, our 50th anniversary, I am filled with a profound sense of gratitude and awe. This report shows a tapestry woven with stories highlighting the collective impact of our donors, partners, nonprofits and dedicated staff. Each narrative is a testament to the spirit of collaboration that has been pivotal in addressing the pressing needs of our community, championing vital causes and nurturing a brighter future for all.

Reflecting on our storied history, we have indeed come a long way. Our journey is marked by countless achievements and milestones that have shaped the very fabric of our community. Yet, as we celebrate these triumphs, we remain acutely aware that our work is far from over. There is still much ground to cover, many lives to touch and numerous dreams to fulfill.

As we prepare for new leadership this year, our commitment to our mission remains unwavering. We are dedicated to empowering positive change across every corner of the Greater Toledo area. With this resolve, we have stepped into our 51st year, inviting each of you to join us in this endeavor. Your continued investment in the well-being and prosperity of our shared home is invaluable.

**Keith Burwell**  
President

I extend my heartfelt thanks for your unwavering support and partnership. Because of your generosity and belief in our cause, we can look forward to building a stronger, more vibrant and inclusive community. Together, we are not just dreaming of a better tomorrow but laying the foundations for a legacy that will benefit future generations.

### **Imagine raising a family of three school-aged children without access to an automobile.**

Now imagine that the youngest child has come home from school today, full of excitement about an upcoming class field trip, and your family can't afford the required fee. Your 12-year-old has asthma and needs to see a specialist whose office is nowhere near your home. And your oldest is looking for a summer job and wants money — money you don't have right now — so they can get across town to apply for work.

This imaginary scenario is a daily reality for many low-income families across the United States. Issues involving access to transportation limit opportunities for low-income citizens across our own region, including access to work, health care, educational enrichment — even food.

Because transportation and opportunity are so closely linked, Greater Toledo Community Foundation has identified access to transportation as an important focus. Currently, three GTCF grant programs place special emphasis on expanding opportunities for children by increasing their access to transportation.

# Supporting Access for Youth Transportation

### TARTA's Youth Summer Blast Pass: helping area youth make the most of their summers

In honor of our 50th anniversary in 2023, GTCF awarded \$50,000 each month to an area community organization as a part of our "50 Years of Funding Futures" campaign. One of these gifts supported opportunities for area youth through the TARTA Youth Summer Blast Pass program.

Typically, a reduced-fare 31-Day Pass from TARTA costs \$22.50 per month. The Blast Pass enables youth ages 6-19 to access TARTA services free of charge from June 1 through August 31. In 2023, with support from the GTCF grant and some additional funding from the City of Toledo, these summer passes were available at no cost to area families.

"The free Blast Pass was especially useful for opening opportunities to youth for summer employment," said TARTA Communication and

Marketing Manager, Andy Cole. "We didn't want finances to be a barrier for anyone — so the pass was good for not only bus service, but also TARTA Flex, which extends transportation services into many suburban areas outside established bus routes, and TARTA's paratransit service."

Noting that TARTA continued to promote the pass after the school year at various public locations and events, he added: "We spread the word at libraries, the summer Young Artists at Work program, Boys & Girls clubs and with similar groups to let them know that free transportation was available

Area schools were an important distribution point for Youth Summer Blast Pass applications. "Admissions, sports practices and other off-season rehearsals or training, and summer school are all school events that happen in the summer that the Youth Summer Blast Pass facilitated," said Cole.

for outings and group activities." The program eventually served 2,156 participants in 2023, and remaining GTCF funds will help TARTA to continue providing the fare-free summer passes for 2024.

## Transportation Assistance Project (TAP): helping children envision their potential

The earliest of the three programs showcased here, the TAP initiative was driven by a 1990 community needs assessment that identified lack of transportation as a major barrier to youth participation in the region's many social, recreational and educational programs — including school field trips.

At the time of the report, the Toledo Public Schools system (TPS) did not pay field trip transportation costs. Instead, individual schools within TPS were responsible for this expense — and they still are. As a result, schools serving wealthier parts of the city can afford field trips while schools serving low-income areas could not.

For more than 30 years, Foundation TAP grants have supported children's access to field trips that inspire curiosity and spark imagination. *Photo courtesy Toledo Museum of Art; Duffee Maddox, photographer.*

To bring these enrichment opportunities to students from all backgrounds, GTCF created the Transport Assistance Project in 1991, with monies provided through the Stranahan Donor Directed Pooled Fund. Since then, TAP has granted nearly \$800,000 to various TPS and Central City Ministries schools, funding visits to educational destinations like the Toledo Museum of Art, Metroparks, Imagination Station and the Toledo Ballet for students in low-income neighborhoods.

"Without TAP grants, our children wouldn't have had these experiences," said Barbara Ferguson, principal of Toledo's Raymer Elementary School, and a former classroom teacher. Recalling an outing her classroom once had at a college biology lab, she noted, "Field trips like these give children an understanding of the world and of their potential."

**"Without TAP grants,  
our children wouldn't have  
had these experiences"**

Barbara also described how creative post-trip activities, like journaling or storytelling, helped young students develop their capacities for self-expression. "Parents with middle and upper incomes expose their children to broader experiences and the vocabulary to describe them," she said. "It all works together to develop a child's awareness and engagement. The TAP program makes it possible for children in lower-income families to enjoy these opportunities, too. For some students, a certain field trip might spark something inside of them. The experience could help them pursue similar opportunities, whether in a career or in education."

## Mud Hens-Walleye Transportation Fund: sharing the joys of athletics ... and more

Youngsters from low-income backgrounds also may have limited access to the excitement and inspiration of live sports, a fact which helped drive the establishment of the Mud Hens - Walleye Transportation Fund. Since its inception in 2012, the fund has granted more than \$275,000, enabling kids from local schools and nonprofit organizations to enjoy our local baseball and hockey teams.

For some, the fund's benefit goes beyond a memorable day at the game. Brownstown Middle School band director, James Mobley describes how the fund has supported a pivotal opportunity for his students: traveling to Mud Hens and Walleye games to perform the National Anthem.

The Brownstown Middle School band brings the crowd to their feet with a rousing rendition of the national anthem at the start of a recent Mud Hens game.

**“The grant makes it possible for me to assist students who’ve told me that their parents can’t afford to pay for the trip.”**

**—James Mobley, Brownstown Middle School**

“If we go on a field trip, it has to be educationally sound — so the best thing I can do for my students is allow them to perform and get feedback,” said Mobley. “Students need the experience of performing outside their circle of comfort,” he noted, recalling how the process of preparing for the event was as much of an educational opportunity as the performance itself. “When I tell the 6th graders that there will be about 6,000 people at the event, they go into a bit of shock — but the 7th graders have done it before and look forward to the experience.”

It is also not uncommon for youngsters from low-income families to attend school in affluent communities, where they lack many things that their school friends take for granted. Mobley explained how the fund helps close this gap for such students.

“Our school is in a community of wide demographic backgrounds,” he said. Many families are well off, but 30% of our kids are receiving free or reduced-cost lunches. The grant makes it possible for me to assist students who’ve told me that their parents can’t afford to pay for the trip.”

The 1990 report that began a focus on transportation for GTCF stated: “intervention in Pre-K and early childhood education can do more than alleviate current conditions: it can change the conditions of the region.”

These initiatives are among the many ways the Foundation focuses on children’s well-being to change the conditions of our region for the better. To learn more about how your philanthropy can support this mission, contact [Kurstyn.Loeffler@toledocf.org](mailto:Kurstyn.Loeffler@toledocf.org).

## Two lifelong friends collaborate on end-of-life giving

"My family moved to Old Orchard when I was nine years old," said Jim, recalling the day he first became friends with Leonard — or "Len," as Jim calls him. "School was out and I didn't know anyone in the new neighborhood, so I went out for a bike ride. I saw Len and recognized him as the kid that always beat me at swim meets — so I stopped to talk with him."

That initial encounter led to a friendship so strong, Len would call the two of them "the dynamic duo" throughout their lives. Though the boys went on to play different sports (Jim, football; Len, swimming) and went on to different careers (Jim practiced law, Len owned and managed four cosmetology schools), they remained best buddies, enjoying area nightlife

when young and travel as they grew older, and occasionally reconnecting with high school buddies, until Len's passing from a second bout with cancer in 2022.

"Len had philanthropic gifts in mind before cancer struck him a second time," said Jim. "He owned and operated a number of cosmetology schools and wanted to use some of what he had accrued over the years to support two of his greatest loves in life: swimming and animals," he recalled fondly. "He wanted my help to create something special with the resources he would eventually leave behind."

Len was not just a swimmer — he was a champion, posting more than 500 career first-place finishes and ranking in the top 20 at a national YMCA meet during his teen years. Len's desire to share his love of swimming inspired Jim's recommendation to establish a legacy fund with Greater Toledo Community Foundation to support operations and swimming education at Toledo's city pools during summer months.

Noting Len's deep affection for his pets — a cat, two whippets and a greyhound — Jim also described how he helped his friend create another legacy fund on behalf of an uncommon animal beneficiary: police dogs. Len's gift will support the acquisition of four-legged police force members, and training for both the pups and their Toledo Police handlers.

Jim was especially pleased that the Toledo Police K-9 unit will honor Len with a special patch recognizing his gift on K-9 handlers' uniforms. "And one of their new pups has been named in his honor," he added proudly. "They've called him Lenny." ■

# The Jim Appold Family

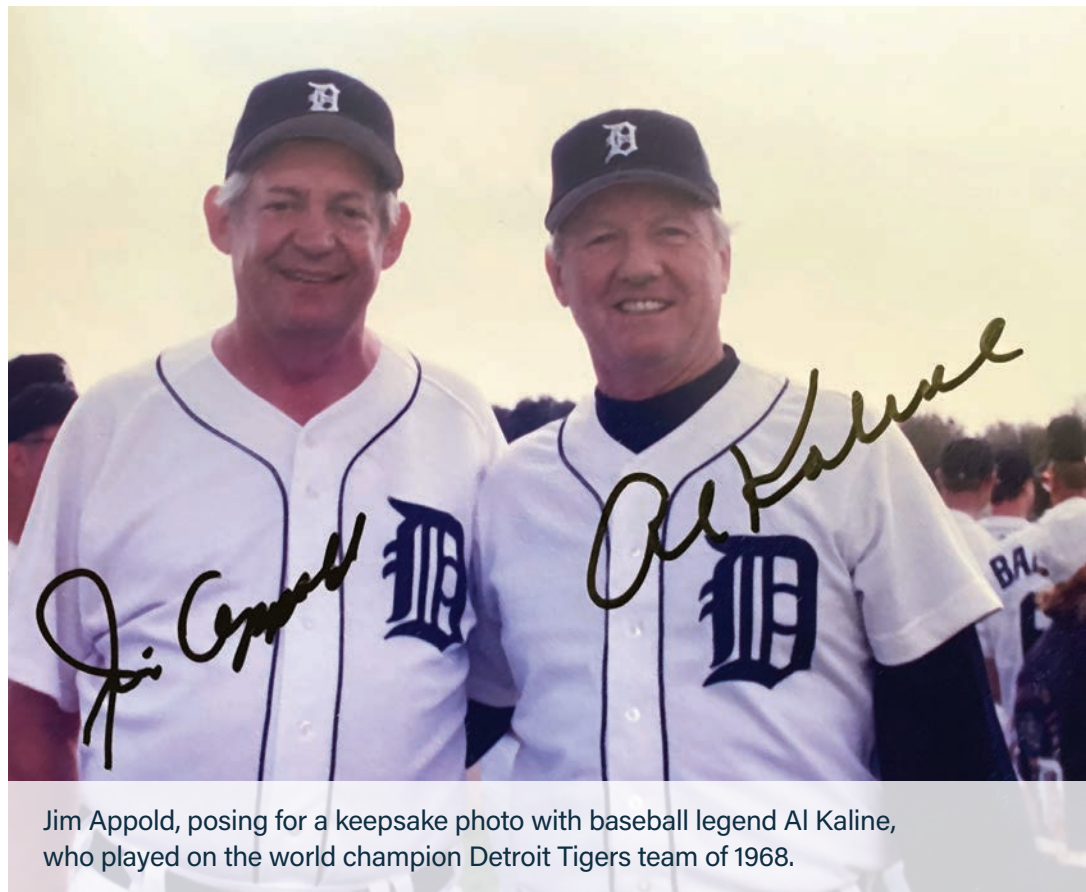

Family members honor their father by sharing his love of a game

**W**hen Jim Appold's family decided to establish a memorial fund in his honor, they knew it would have to involve his first love: baseball.

"We had been married almost 15 or 20 years before he shocked me by saying he always thought he'd be a professional baseball player," said Pat Appold, his high school sweetheart and wife of nearly 60 years. "He was athletic and played baseball as a youngster. He was also tall — so in high school, basketball was his sport. But he always loved the Detroit Tigers."

Eventually, Jim's exceptional talent for all things mechanical diverted him from sports and into engineering. Following college, he and Pat married and promptly started their family in their hometown of Saginaw. After five children, three master's degrees, various engineering jobs and a move to Toledo in 1975, Jim's career took a significant turn in the early '80s when he joined Consolidated Biscuit, a cookie factory in McComb, Ohio. As an employee and later as its owner, Jim built the three-oven factory into an enterprise of 10 facilities in seven states that employed nearly 4000 people.

"With all of this going on in Jim's life, baseball was a wonderful outlet for him," said Pat, recalling their many trips to Tiger Stadium and a shared suite at Comerica Park. Her gift to Jim of a two-week fantasy baseball camp was a special high point — Jim met famed Tigers announcer Ernie Harwell, played ball with former team members, and got to know several alumni of the 1968 World Series championship team. As planning began for a new ballpark to house the Tigers farm team here in Toledo, Jim was delighted to serve on the Mud Hens stadium advisory committee. "We had four field seats and a suite right away," said Pat.

Jim Appold, posing for a keepsake photo with baseball legend Al Kaline, who played on the world champion Detroit Tigers team of 1968.

Jim's death came in April 2020, a time when the COVID pandemic meant no public service could take place. As they considered a location for Jim's celebration of life two years later, his family saw Mud Hens stadium as a natural choice — and a youth sports program as the ideal recipient for one of two memorial gifts\* in Jim's memory to Greater Toledo Community Foundation.

After consulting with the Mud Hens general manager, Joe Napoli, the Appold family honored Jim with a \$25,000 donation to the Let's Play Summer Tour Program. A partnership between the Mud Hens, the City of Toledo, Connecting Kids to Meals, Lucas Metropolitan Housing and GTCF,

"Let's Play" gave 151 area children an opportunity to learn either baseball or hockey fundamentals with adult coaches during six half-day sessions held from June to August 2023.

"Baseball was Jim's path to philanthropy," noted Pat. "He always believed in team sports for kids. He wanted to encourage that, but never force it — Jim wanted kids to be kids. Our family wanted kids from all over the city to be involved and have a happy experience that would develop their love of the game." ■

*\*The family's memorial gift in Jim's honor also included an equal donation to the GTCF Community Initiative Fund.*

**T**ake a moment to consider the important part you might play in Greater Toledo Community Foundation's work by creating a charitable fund.

There are a number of ways to get started, and we invite you to explore them with your family, your professional advisor and with Foundation staff.

## Celebrating 50 Years of Funding Futures

# October '22

Greater Toledo Community Foundation launched a year of celebratory events and monthly grants to nonprofits with David Foster and Katharine McPhee at the Toledo Symphony.

# Establishing

The Foundation offers a variety of ways for you to make donations to reach your philanthropic goals. You can establish your own fund at the Foundation either during your lifetime or through your estate plan. All grants distributed from your fund — today and in the future — are awarded to charities, as determined by you, in the name of your fund.

Your gift to the Foundation may be made in many forms. Corporations and businesses are limited to gifts of cash, securities, closely-held stock, limited partnership interests and real estate. You and your family have even more options to consider.

## Vehicles for giving

A **cash gift** is tax deductible as provided under current law.

Donations of appreciated **publicly-traded securities** are accepted. This type of gift avoids capital gains tax and allows the maximum tax deduction for the full market value of the gift. The Foundation also accepts **closely-held stock** and **limited partnership interests**.

Gifts of **cryptocurrency** are an accepted gift option. This type of gift allows the donor to avoid capital gains tax while still supporting your favorite charity. For tax purposes, cryptocurrency is designated as property and is subject to the same rules that apply to noncash charitable gifts.

# a Fund

A **bequest** in your will is a simple way to leave a lasting legacy.

A **life insurance policy** can be changed to designate the Foundation as the owner and/or beneficiary of a policy.

**Retirement fund accounts** are often your largest asset. You can give all or part of these assets to the Foundation, both during your lifetime and/or at your death.

**Real estate** (land, primary residences, vacation homes or farm land) can be donated to the Foundation and deducted at full fair market value, up to 30 percent of your adjusted gross income. The Foundation sells the real estate and the net proceeds capitalize a new fund or are added to an existing fund. Similarly, **tangible personal property** can be donated to the Foundation, which is also then sold.

A **charitable remainder trust** allows you (or other named beneficiaries) to receive lifetime income. Upon your death, the remaining principal creates a fund at the Foundation. You receive an immediate charitable deduction for a portion of the gift and avoid capital gains tax.

A **charitable lead trust** creates income for the Foundation for a specified period, after which the remaining principal is distributed to named beneficiaries. Gift and estate taxes are reduced with this type of gift.

**Transfer of a private foundation** affords you many advantages, including lower overhead, staff to assist with your charitable goals and a higher tax deduction for any future gift, to name only a few.

## 4 Simple Steps to Create Your Fund

### Define your charitable goals.

Decide if you want family members involved, both now and/or in the future. Consider how much involvement you want in selecting the charitable organizations that will receive grants from your fund. Think about how much you want to give in charitable contributions each year.

1

### Contact a GTCF Philanthropic Services Officer.

Discuss the fund option or options (described on pages 10-11) that best suit your interests and needs. We can create a personalized plan, including the appropriate legal and other documentation, which makes giving simple and relevant.

2

### Determine which asset you will use to start your fund.

Evaluate the options of lifetime assets versus planned giving assets — or a combination of the two.

3

### Select a name for your fund.

Many donors choose a family name, a name that honors or memorializes a loved one, or a company name.

4

**T**here are many flexible ways to support your interests — the choice is yours.

How involved do you want to be in your grantmaking? Do you want to give to a specific organization or a specific area of interest? Launch a scholarship to honor or memorialize a loved one? Restrict your giving to northwest Ohio and/or fund internationally? Create or continue your business giving program? Whatever your giving goals, there is a fund option for you.

The Foundation offers a number of fund options for you, your family, businesses and nonprofit organizations. A fund at the Foundation operates like a private foundation, but without the administrative and legal burdens associated with private foundations. The funds are flexible and you decide how much or how little you want to be involved in making grants.

# Choosing a fund option

## Community Fund respond to changing times

A community fund is the broadest option and leaves the decisions about your gift to the Foundation. You trust the Foundation's extensive experience and knowledge of the community to identify the most pressing needs and effective programs. A community fund provides maximum assurance a fund will remain timely and relevant. Grants from these funds are given to qualified organizations to support the well-being and vitality of our region and its residents.

## Designated Fund support effective organizations

You support one or more specific charitable organizations or institutions in perpetuity. A designated fund may help a single arts program, a food bank or a children's program during your life and after your death. If a beneficiary organization ceases to exist, loses its tax-exempt status or changes its mission, the Foundation redirects support to a similar organization to honor your original intent.

## Donor Advised Fund engage with your giving

You take a more active role in your grantmaking (whether local, national or international). A donor advised fund provides maximum flexibility for your grantmaking, allowing designated advisors (named by you) to make recommendations regarding grants from your fund.

The Foundation facilitates compliance with financial, legal and tax requirements, as well as helps develop grantmaking strategies, articulates funding guidelines and conducts due diligence, relieving you of the administrative responsibilities associated with charitable giving. If you wish, the Foundation helps you identify additional organizations that you might consider supporting. You have several options.

- **Individual advised fund** — Allows only you to make grant recommendations.
- **Family advised fund** — Provides a simple and popular way for your family to engage in organized philanthropy.
- **Corporate advised fund** — Offers flexible options for your business and/or employees' charitable giving programs. Your company or business can outsource all, or any part, of its charitable giving program to the Foundation for management.

# that is right for you

You can endow your fund, requiring that the principal of the fund remains untouched and only a percentage of the annual earnings on the fund are available for grantmaking; or you can create a growth fund (non-endowed) allowing the flexibility to distribute both fund principal and annual earnings, although not below the minimum required fund balance of \$10,000.

## **Donor Directed Pooled Fund** direct your giving to specific organizations

This type of fund allows you the privilege, during your lifetime, to annually designate specific charitable organizations to receive grants from your fund.

## **Field of Interest Fund** connect personal values to grantmaking

You direct funding to specific causes (the environment, youth programs or the arts, for instance) or geographical areas (a town, county or region) that you feel strongly about, yet it does not restrict grants to any one particular organization. A field of interest fund supports issues or areas that are important to you in perpetuity.

## **Organization Endowment Fund** sustain nonprofit organizations

The Foundation's years of experience with the nonprofit community enables us to assist other charitable organizations in managing their assets. By establishing an endowment fund at the Foundation, nonprofit organizations are relieved of the administrative burdens and costs associated with holding their own endowment fund, while receiving a steady stream of income for operations, programming or other organizational needs.

## **Scholarship Fund** invest in education

You establish an educational scholarship for a specific interest. Scholarships can support any level of education, and may be directed toward students who are graduates of a particular grade or high school, students planning to attend a particular secondary or post-secondary school, students in a particular field or students from a certain geographical area.

## **Supporting Organization** partner with the Foundation for access to community information

A supporting organization is a separate and distinct legal and grantmaking entity that is in direct affiliation with the Foundation. It maintains its own board of trustees which has decision-making authority relevant to grant recipients and other matters. A supporting organization's alliance with the Foundation reduces administrative, investment and regulatory burdens. Family involvement, individual attention, flexibility, professional staffing and access to community information are among the key reasons that families and businesses create supporting organizations at Greater Toledo Community Foundation.

## Community and Field of Interest Funds

**Respond to changing  
times and connect  
personal values to  
grantmaking**

**A Community Fund** is the broadest option and leaves the decisions about your gift to the Foundation. You trust the Foundation's extensive experience and knowledge of the community to identify the most pressing needs and effective programs. A community fund provides maximum assurance that a fund will remain timely and relevant. Grants from these funds are given to qualified organizations to support the well-being and vitality of our region and its residents.

**A Field of Interest Fund** allows you to direct funding to specific causes (the environment, youth programs or the arts, for instance) or geographical areas (a town, county or region) that you feel strongly about, yet it does not restrict grants to any one particular organization. Field of interest funds support issues or areas that are important to you in perpetuity.

### Designated Funds

#### Support effective organizations

You support one or more specific charitable organizations or institutions in perpetuity.

**A Designated Fund** may help a single arts program, a food bank or a children's program during your life and after your death. If a beneficiary organization ceases to exist, loses its tax-exempt status or changes its mission, the Foundation redirects support to a similar organization to honor your original intent.

## Donor Advised Funds

### Engage with your giving

You take a more active role in your grantmaking (whether local, national or international). A Donor Advised Fund provides maximum flexibility for your grantmaking, allowing designated advisors (named by you) to make recommendations regarding grants from your fund.

The Foundation facilitates compliance with financial, legal and tax requirements, as well as helps develop grantmaking strategies, articulates funding guidelines and conducts due diligence, relieving you of the administrative responsibilities associated with charitable giving. If you wish, the Foundation helps you identify additional organizations that you might consider supporting.

## Types of Donor Advised Funds

**Individual advised fund** - Allows only you to make grant recommendations.

**Family advised fund** - Provides a simple and popular way for your family to engage in organized philanthropy.

**Corporate advised fund** - Offers flexible options for your business and/or employees' charitable giving programs. Your company or business can outsource all, or any part, of its charitable giving program to the Foundation for management.

You can endow your fund, requiring that the principal of the fund remains untouched and only a percentage of the annual earnings on the fund are available for grantmaking; or you can create a growth fund (non-endowed) allowing the flexibility to distribute both fund principal and annual earnings, although not below the minimum required fund balance of \$10,000.

### Organization Endowment Funds

**Sustain nonprofit organizations**

The Foundation's years of experience with the nonprofit community enables us to assist other charitable organizations in managing their assets. By establishing an organization endowment fund at the Foundation, nonprofit organizations are relieved of the administrative burdens and costs associated with holding their own endowment fund, while receiving a steady stream of income for operations, programming or other organizational needs.

## Scholarship Funds

### Invest in education

You establish an educational scholarship for a specific interest. A scholarship fund can support any level of education, and may be directed toward students who are graduates of a particular grade or high school, students planning to attend a particular secondary or post-secondary school, students in a particular field or students from a certain geographical area.

## Supporting Organizations

**Partner with the  
Foundation for access to  
community information**

A **Supporting  
Organization** is a  
separate and distinct legal  
and grantmaking entity that  
is in direct affiliation with the  
Foundation. It maintains its  
own board of trustees which  
has decision-making authority  
relevant to grant recipients and  
other matters. A supporting  
organization's alliance with  
the Foundation reduces  
administrative, investment and  
regulatory burdens. Family  
involvement, individual attention,  
flexibility, professional staffing  
and access to community  
information are among the  
key reasons that families and  
businesses create supporting  
organizations at Greater Toledo  
Community Foundation.

## Affiliated Community Foundations

offer emerging and established  
community foundations in  
northwest Ohio the ability to  
build assets and make grants  
— in their local communities  
— while taking advantage of  
Greater Toledo Community  
Foundation's administrative  
structure and oversight.

# Grants Awarded

Our region's nonprofit organizations are our partners in making life better for all of us in northwest Ohio and southeast Michigan. We're pleased to be able to provide funding through our grantmaking programs that enable these organizations and those beyond our region to be more effective in carrying out their missions and address critical needs in our communities.

## The Center for Nonprofit Resources

The Center for Nonprofit Resources helps nonprofit organizations advance their missions through expert guidance and a wide array of services, training and educational opportunities. Services offered by The Center include professional development, technical assistance, on-demand resources, professional services and community engagement.

The Center also offers two professional certificate programs. The Certificate in Nonprofit Management provides the fundamentals an individual needs to build their skills in nonprofit management. The Minority Executive Leadership Certificate program is designed

to support emerging nonprofit leaders, specifically minority CEOs/Executive Directors and staff interested in growing into these positions. A combination of high-quality professional development courses and mentorships provide training and an ongoing support system for personal and professional success.

**If you or an agency you care about could benefit from The Center's offerings, you are encouraged to call Milva Valenzuela Wagner, director, The Center for Nonprofit Resources, at 419.241.9513. Information about professional development offerings can be found on The Center's website at [c4npr.org](http://c4npr.org).**

## Celebrating 50 Years of Funding Futures August

Historic South Initiative and Maumee Valley Habitat for Humanity shared the August grant, and GTCF joined them for a Rock The Block event in the Old South End. More than 30 roofs were replaced. The beautification effort took place on a section of Toledo's South Avenue that included the Sofia Quintero Art and Cultural Center and Ashley Park.

## GTCF's Commitment to Supporting Access for All

The Board of Trustees of Greater Toledo Community Foundation (GTCF) approved plans for an Equity & Access Initiative in 2020 to proactively address the concerns raised by communities that are disproportionately impacted by inequity and lack of access in the Greater Toledo area. The Foundation has committed grant funding toward this effort, and through 2023 awarded \$485,390 in grants through three rounds of funding to 19 nonprofit organizations over two years. The GTCF Board of Trustees voted to commit an additional \$100,000 in 2023 to local nonprofits from minority-led, smaller permanent staffed, novice and established nonprofits that incorporate a proactive grassroots approach to fund new and existing projects that align with the focus of the fund.

More information about GTCF's Equity & Access Initiative Fund can be found at [toledocf.org/equity-access-initiative](https://toledocf.org/equity-access-initiative).

## Celebrating 50 Years of Funding Futures

# October

Anniversary grants were awarded to Lucas County and Wood County CASA Advisory Boards to fund support for juvenile court advocates.

Every year, Greater Toledo Community Foundation accepts donations of varying amounts from a broad range of individuals who each have their own purposes for giving.

Collectively, they help the Foundation achieve its mission to make our region a better place in which to live, work and raise a family. We are grateful, honored and pleased to recognize them in the following lists.

# Contributors

Listed here are contributors to non-operating funds of the Foundation. Memorial and honorary contributions are listed separately beginning on page 50. The list of contributors to our annual operating campaign, known as our Friends campaign, can be found on pages 48-49.

## Celebrating 50 Years of Funding Futures December

**GTCF funded four  
 installments of "For Toledo,"  
 a year-long quarterly series  
 produced by Midstory  
 covering Latino cultural  
 art, literacy, biodiversity  
 and food insecurity.**

**Join us!** Are you interested in how you  
 can make a difference by giving back  
 to your community? Call us at 419.241.5049  
 and we'll show you just how easy it can be.

The Foundation is deeply appreciative of these gifts, as our Friends play a critical role in helping support the annual operating needs of the Foundation.

Acknowledged here are 2023 Friends gifts, which totaled more than \$130,891.
